MESSAGE

PRESIDENT PERAK INDIAN BADMINTON ASSOCIATION 47TH PERAK INDIAN BADMINTON CHAMPIONSHIP 2026

I am honoured and pleased to welcome the coaches, officials, participants, parents, and badminton enthusiasts to the 47th Perak Indian Badminton Championship, to be held on 1st, 2nd, and 3rd May 2026 at Arena Badminton Perak, MBI Sports Complex, Ipoh.

I am also pleased to share that this year, we have introduced 24 event categories, including the Women Veteran Doubles category. Organising a championship of this scale is not an easy task. However, it is made possible by our dedicated committee members who are passionate about badminton and committed to providing opportunities for players nationwide.

This year, we received 776 entries, exceeding last year's participation. Such a large-scale event requires careful planning and attention to detail. This championship is considered a premier event, and badminton players across Malaysia look forward to participating each year. As the cost of organising this event continues to rise, I would like to appeal to associations, clubs, coaches, and parents to contribute and support this meaningful initiative.

Our championship is recognised at the national level and brings together players, coaches, and the public from across Malaysia. It also serves as a platform for interaction, knowledge sharing, and encouraging young players to improve their skills, reach greater heights, and represent our nation.

In conclusion, I would like to thank all committee members, VIPs, dignitaries, sponsors, and government agencies for their invaluable support in making this event a success.

Thank you, and I look forward to seeing you again at our next championship.

“Malaysia Madani dan Majulah Sukan Untuk Negara”

With best regards,

A stylized, handwritten signature in black ink.

HISTORY OF PERAK INDIAN BADMINTON CHAMPIONSHIP

Way back in 1972, a small group of badminton enthusiasts headed by the late Mr. A.V. Dhamodaran, the President of Kinta Indian Association then, formed a committee with the help of the sports Secretary, Mr. R.G. Raj, Eddie Arul and D. Samuel. They started this Championship on a small scale with 4 events - the men's Singles and Doubles and the Veterans' Singles & Doubles. As time went by, more events were added; the additional events being, the Ladies' Singles and Doubles and the Mixed Doubles. But, for some reason or other, no tournaments were held in 1978 and 1979.

Then one fine day, Mr. R.G. Raj, a D.B.I., staff who was also a part time stringer with Straits Times approached me and persuaded me to take over and continue the Championship as a sports event under the Perak Indian Sports Council whose President was Mr. S.Veerasingam. Datuk S. Veerasingam and his committee gave us all the support and encouragement to run the Championship. With this assurance, we formed a Committee headed by Dr. P. K. Padmanabhan as the Chairman and started thinking big, that is to open up the Championship for different age groups for boys and girls. Eventually, it is this group of boys and girls who will represent the country one day, in major events; if given proper coaching and guidance and not the oldies who are past their prime.

This Championship will be the arena for the young ones to pit their skills, and as our Championship was considered of a lower standard than the non - Indian Championship, our boys and girls will bravely participate. Thus, the birth of the U-12, U-15 and U-18 boys' and girls' singles and doubles events in 1982. But the participation of girls was very poor in spite of sending notices to Headmasters / Headmistresses of Tamil schools and to the estates through the NUPW. However, the participation of boys increased, and it is from this group that in the later years we discovered K. Murali Desan who became the world Junior Singles Champion in 1990, and together with D. Jivehinthran became the world Doubles Champion the same year in Birmingham, England. This was a feather in the cap for Badminton Association of Malaysia (BAM), the Perak Badminton Association (PBA), and the Perak Indian Sports Council (PISC), under whose umbrella, the Perak Indian Badminton Championship was organised.

Subsequently, these two were drafted into the National back-up squad, but due to constant injuries, both dropped out of the squad. Due to their excellent achievement in Badminton, both were given scholarships to pursue tertiary education, Murali Desan to England and Jivehinthran to local University., The other player who was called to the BAM Academy was J. Devandran.

The most outstanding of all Indians in the state of Perak was A. Gopal Krishnan, who was drafted into the Thomas Cup training squad in 1975, but due to studies he had to leave the squad.

During the Championship in the 1990's there were discussions and suggestions as to the formation of an Association like the Malay Badminton Association and the Chinese Badminton Association, so that we could be affiliated to the Perak Badminton Association (PBA), whose parent body is the Badminton Association of Malaysia (BAM). With the help of ASP Mr. V. Krishnan, Mr. K. Kanapathy, Mr. P. Samuel, Mr. R. Kuselan, Mr. J. Tana Rajan and Mr. G. Sahadevan, who was the Registrar of Society then, the Perak Indian Badminton Association was formed in 1993, and in the same year Mr. V. Krishnan was elected President. Mr. V. Krishnan was the President until he was transferred to Sungai Petani in 2001. The Perak Indian Badminton Association has been organising this Championship from 1994 in various venue such as DBI Sports Complex, Master Badminton Club, Jalan Kuala Kangsar and we are now at the 47th Championship 2026 at DBI Sports Complex.

We hope from this and future championships, we would be able to discover more young talented Indian players like Thinaah Muralitharan and Kisona Selvaduray who had participated in this Championship in the beginning of their career. We hope to identify more young Indian players who will represent the country in the Thomas Cup and Uber Cup. We are proud to inform that, there are 12 Indian players in the Perak squad at the moment in the under age group. The Perak Indian Badminton Association also had taken a step further by sponsoring this players to participate in the various Age Group Badminton Championship to gain more exposure and experience in the national level. It is a tall order but not impossible.

It is also note worthy to mention here that due to the constant involvement in badminton, a few have been elected into the executive council of the Perak Badminton Association (PBA), namely Mr. R. Narayanan, Mr. S. Munusamy, Mr. T. Krishnan, Mdm. Jeyshree and Mr. S. Ravinder Kumar until 2018. The current executive council members in the Perak Badminton Association from Perak Indian Badminton Association are Dato' S. Selvarajah, Mr. S. Sukumaran, Mr. P. Nagalingam, Mr. T. Krishnan, Mr. S. Ravinder Kumar and Mr. V. Ravindran.

Due to Covid 19 and the imposing of movement control order commencing from 18 March 2020, PIBA had to suspend the Championship until 2021. When all things returned to normal and the removal of the restrictions and movement control order by the authorities, the Championship was again organised in 2022. Although we had the fear that due to the Covid, the participation in the Championship organised in 2022 may not be encouraging. However, we were surprised that the entries were overwhelming as it was in the previous Championships that PIBA had organised.

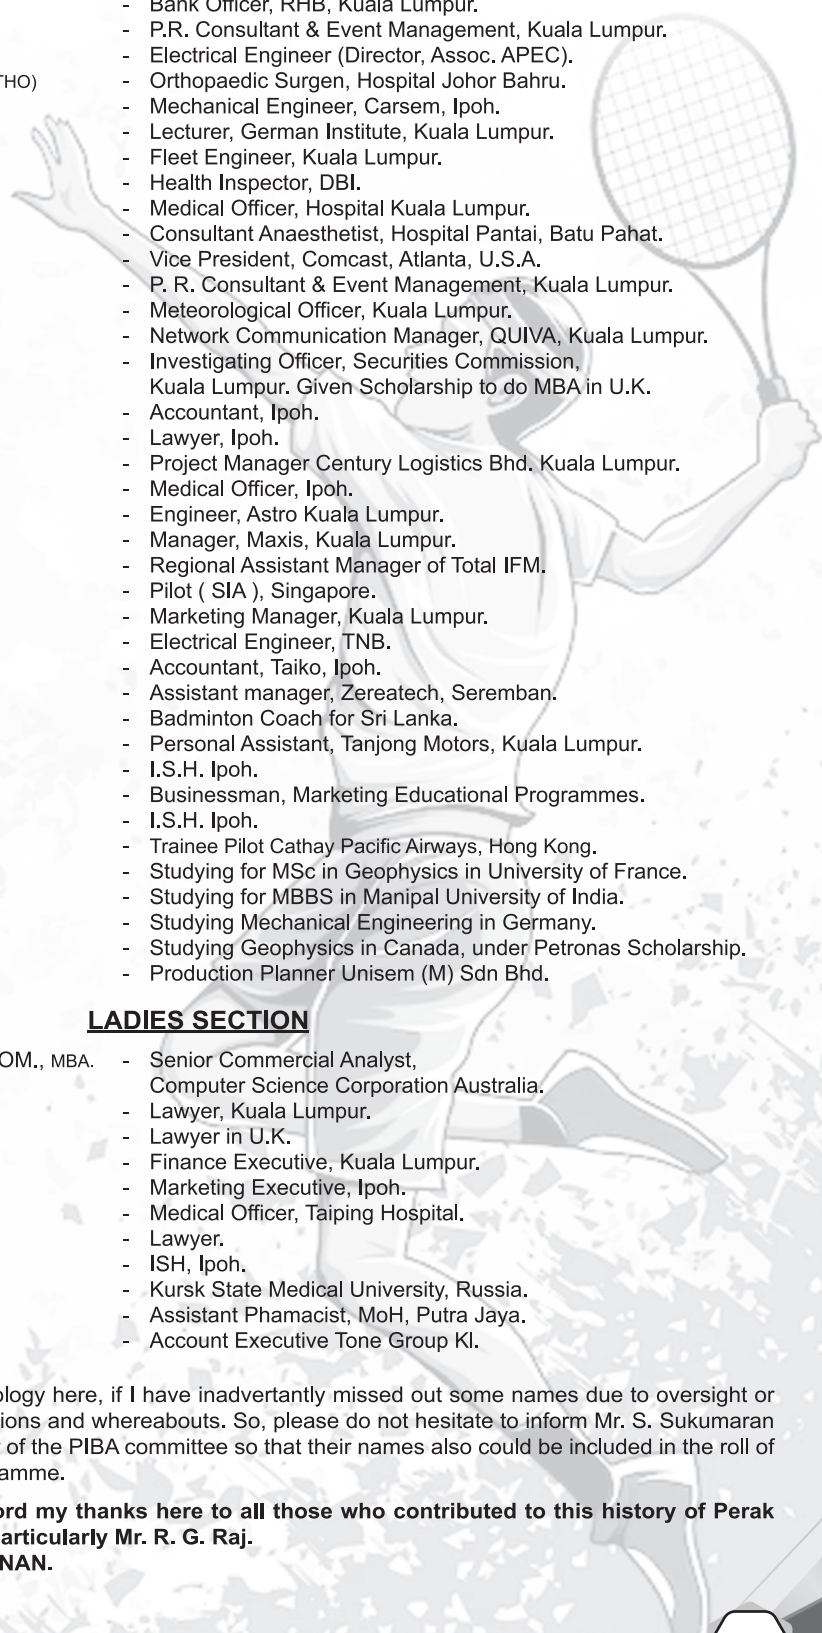

In the Championship organised in Year 2022, we have also increased the number of events to 22 from the original 4 events and there was participation in all the events. Now we organise the 44th Championship with the same 22 events which will provide opportunities for players to participate and expose their talents. Besides this, the number of participation also has increased drastically in all the categories and the players come from all over the country. This is evident enough to show that the Championship organised by PIBA is considered as a premier event for the Indian Badminton players.

Here it is only pertinent that I enlighten parents who might be wondering whether playing badminton or any other game might distract their children from their studies, I would say not, as you all know that a healthy body carries a healthy mind. Therefore, I would urge parents to allow their children to concentrate in one game so that they can really do well in that game instead of participating in too many games and be master of none. Excellence in a particular game is an added advantage for a player pursuing tertiary education or seeking employment.

To further emphasize how games did not distract boys and girls from their studies, here are the names of some of the boys and girls who won, and also who participated in the Perak Indian Badminton Championship in the past and the positions they are holding now. (Please refer to the souvenir programme for the names of the past winners.)
